**Organ Update.**

The restoration of our organ begins on 12 April, the culmination of many years tireless work by the Friends of St James to raise the funds. This begins a period of up to 12 months where the organ will be out of action and the chapel-side aisle will become a storage area and workshop for the organ builders. At this point we must express our sincere gratitude to Brian Cuthbertson, our regular organist, who has freely given up many a Sunday morning not to mention the Saturday evenings spent preparing for the next day, to help us in our worship. Sunday 11 April will be the last opportunity to hear the organ before the work begins!
